Ever wanted to see how fast you and your horse can race around hay bales? If your horse can pull a sleigh, plastic sled, a person on skis, or anything else safely and you'd like to see how well you can maneuver through round hay bales, come to this event!

There'll also be a loop just to enjoy (riding and driving.)

This is a fun event in which you compete only against yourself. Enjoy getting out to meet your friends and new horse folks while having a fun filled day! Have a cup of hot cocoa and chili!

Note: pre-registration is suggested just in case the event needs to be changed.

Contact Denise Reed Gagnon above.
