Dear Exhibitors and Friends,

Welcome to Colonial Carriage & Driving Society's 19th Annual Pleasure Driving Show. Colonial Carriage & Driving Society and Orleton Farm are proud to play a part in promoting the history and tradition of pleasure driving here in the Berkshire Hills. The Berkshires had great history in the gilded age with the large estates and wonderful carriage houses as the place to come and be seen driving your horse and carriage. Harvey and Mary make their home at Orleton Farm, which has been in Mary's family since 1900 and has always been a horse facility. The grounds have become home to Colonial Carriage for its many events held here throughout the year: sleigh rallies, clinics, fun day, club meetings, and the pleasure show.

The show started 19 years ago at famous sculptor Daniel Chester French's home, Chesterwood, in Stockbridge, Massachusetts. The show continued there for three years, with the number of exhibitors and spectators increasing each year. The need for more space prompted the show to move to Eden Hill, one of Stockbridge's great estates. In 2006, with the desire to add more classes, the show expanded to a two-day show and moved to Orleton Farm. A third day was added in 2011, expanding the show with more classes and divisions for our exhibitors.

The Orleton Farm Pleasure Driving Show, Combined Test and Super Derby is a unique event, in 2016 the event expanded to a four day event to further accommodate the increasing interest in this venue. We continue that format in 2017. There are classes and divisions for everyone. The first day offers the traditional Combined Test of dressage and cone classes. On Friday the Super Derby and Derby Obstacle for VSEs, ponies and horses is a full day. Friday will also offer an optional scored Cross Country Pleasure Drive and Super Drive for the exhibitor's choosing to stay over from the combined test for the pleasure show, or exhibitors arriving early in preparation for the pleasure show but not necessarily interested in the Derby. Derby Day is then followed by a two-day pleasure driving show. The 2017 schedule will continue to offer the Utility Vehicle Division, a Park Division and a Picnic Class along with a popular American Heritage class and the Ride and Drive class. We have split the multiples to offer a Tandem Division and Unicorn/Four-in-Hand Division. These classes will bring variety and excitement to the event. New in 2017 is a Maiden Horse/Pony Division and we have brought back the Trade and Commercial Vehicle Classes. As our show continues to grow, we are dedicated to make your experience the best possible. On Sunday the Gathering of Vintage of Automobiles will be on display. In 2016 this event was one of very few pleasure driving shows that again enjoyed a significant increase in number of entries. We look forward to repeating that experience in 2017. Come and have fun.

Our stabling opens Tuesday morning, June 6, for those who want to come early. Exhibitors are invited to the Pizza Party Wednesday evening followed by the Exhibitor's Briefing for the Combined Test on Thursday. Burgers & Beer BBQ, hosted by Orleton Farm, on Thursday evening at 6:00 PM will include presentation of the Combined Test awards and be followed by the Exhibitor's Briefing for the Super Derby and the Pleasure Drive. On Friday, a wine and cheese party for exhibitors will be held along with the presentation of awards at the end of Derby Day. Saturday night again features the popular buffet BBQ open to exhibitors, family and friends. Please purchase tickets with your entry.

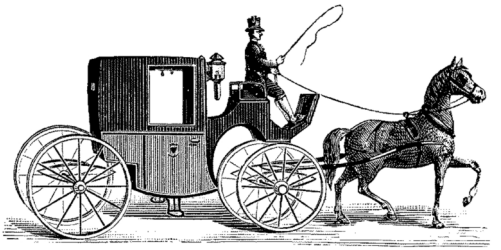

The show relies on the friendly volunteers from Colonial Carriage. They are committed to making your show experience the best possible – without them, the show would not go on. You can identify our volunteers from their club shirts. They can help with any questions you may have about the show or Colonial Carriage. We also take this opportunity to thank all competitors for participating, sponsors, and advertisers for their support, and all spectators for coming. The multi-day show schedule comes with certain financial risk for Colonial Carriage. Entry fees and other showing fees alone do not cover the cost of the running the show. Please consider being a sponsor or program advertiser as you fill out your entry form or consider visiting the show.

With your financial support, the show will continue to grow and enhance your showing experience in the future.

We urge you to make your motel reservations early as there are other events in town on our show weekend dates.

We hope you enjoy your weekend at Orleton Farm and wish you all a safe and successful show.

Driven Dressage

The dressage test is somewhat similar to dressage under saddle. The test is performed in a 40 by 80 or 40 by 100 metre arena with letter markers, where transitions in speed and gait are to take place. The judge scores each movement on a scale of 0-10, with a 10 being the highest mark possible. The difficulty of the test increases with each subsequent level of competition. At the lower levels, only one judge will normally be positioned at C (the centre of the short side of the arena) and the Test may have 16 movements.

Dressage movements may include circles, figures of eight, and crossing the diagonal and all paces - walk, working trot, collected trot, extended trot, canter, a halt, and a rein back. Multiple horses are judged on ability to move in harmony and ideally will have similar conformation, action, and movement. Horses are to remain on the bit throughout the test, maintaining impulsion, elasticity, rhythm, and forward movement. The goal is to make the test look effortless, and an obedient and responsive horse is essential for a good dressage test. Unlike a ridden dressage test, a driven test allows the use of the voice as an aid.

Clarification of Gaits

The following descriptions constitute the American Driving Society's approved standard for performance of each of the required gaits in the various divisions of a pleasure driving competition.

Walk: A free, regular and unconstrained walk of moderate extension. The horse should walk energetically but calmly, with even and determined steps.

Slow Trot: A slow, balanced trot on a light rein in which the horse's steps are shorter and lighter than in the faster gaits.

Working Trot: This trot is between the Slow Trot and the Strong Trot. The horse goes forward on a taut but light rein freely and straight while remaining balanced and unconstrained. The steps should be as even as possible with hind feet touching the ground on the prints of the forefeet.

Strong Trot: Shows a clear but not excessive increase in speed and lengthening of stride while remaining well balanced. Excessive speed will be penalized. The term used for calling this gait is "Trot-On."

Halt: Horse and vehicle should be brought to a complete square stop, without abruptness or veering. At the halt the horse should stand attentive, motionless and straight, the weight evenly distributed over all four legs, and be ready to move off at the lightest indication from the driver.

Rein Back: A backwards movement in which the legs are raised and set down simultaneously in diagonal pairs with the hind legs remaining well in line. To be performed in two parts:

1. Rein back at least four steps, unhurried, with head flexed and straight, pushing back evenly in a straight line using light contact and quiet aids.
2. Move forward willingly to former position using the same quiet aids.

Pleasure Driving with Horses

Pleasure Driving is show ring competition. Horses and/or ponies are hitched to antique vehicles or replicas. Classes or divisions are based on the animal (pony, mule, draft, mini), the driver, and/or the experience of horse or driver. Classes or divisions can be further divided by the size of the animal, the kind of vehicle, and the number of animals in the hitch; e.g. singles, pairs, unicorns, tandems, or teams.

Classes are also categorized by the criteria by which they are judged. Although the total picture is evaluated, in a reinsmanship class the ability of the driver is most important; in a working class, the horse's performance is most important; and in a turnout, the quality and appropriateness of the vehicle, harness, and driver are most important. Some classes are designated specifically for gentlemen, ladies, or juniors; and some are for specific vehicles; e.g. runabouts, gigs, or coaches.

Obstacles

Pleasure shows often include cones or obstacle classes in which the driver is judged on the speed and accuracy while going through a set of cone markers set inches wider than the wheel width and topped with balls. The cones are set in a manner similar to a jumping course, with left and right turns, combinations, and sometimes obstacles such as bridges. The driver who completes the course with the fewest faults (balls knocked down) in the shortest time wins. There are variations on the obstacle class category with slightly different judging criteria. In Fault and Out, the driver is eliminated when the first ball is knocked off; in Double Jeopardy, one driver drives the course one direction; his passenger drives the course in reverse. In Gamblers Choice, there is a prescribed amount of time and the obstacles have a point value. The goal is to get through as many obstacles as possible within the time allotted.

Glossary

Apron – a cloth worn to keep the wearer clean, dry and warm while driving.

Blinkers – leather-covered metal plates attached to the check-pieces of the bridle to prevent the horse from seeing behind. Also known as blinders, and in England as winkers, they can be one of several shapes, but as with other pieces of harness, must fit properly.

Box – the seat from which the driving is done.

Breeching – the harness apparatus by which the horse holds back the vehicle when there is no brake.

Cart – generally name after the region from which it came, or its builder, or the purpose to which it was put. They can be either two-wheeled or four-wheeled; however, they are always open and considerably simpler than the open carriages.

Collar – the padded harness which goes around the horse's neck accommodating the hames to which the traces are attached.

Crupper – the harness piece that secures the saddle pad from the rear. The dock(tail)-piece runs under the tail and attaches to the saddle through the backstrap.

Cut under – a type of vehicle construction allowing an arch into which the wheels can turn.

Driving reins – the reins by which the while (driver) directs the horse or team. Russet leather is preferable; the dye from black reins would come off.

Four-in-hand – a popular term for a four-horse team.

Gig – a light, rather elegant two-wheeler with a forward-facing seat generally for two.

Hames – the steel arms fitted to the horse's collar.

Leader(s) – the two forward horses in a team; the near leader being the left-hand horse, the off leader the right hand.

Liverpool bit – a cub bit with five degrees of severity, the Liverpool is one of the most popular pleasure driving bits.

Long Lining – a training exercise to help prepare the horse to be directed by reining from the rear rather than by the usual more immediate riding aids.

Phaeton – a now almost all-encompassing term covering a wide range of four-wheeled open carriages designed to be driven from a forward seat. There were once phaetons of almost every size, shape, and function.

Pole – a wooden member with metal fittings to which the horses for pair driving are hitched on either side. It is through the pole that the vehicle is steered and braked, if no brake is available.

kwik print
here

Presentation – judged at the halt or on the move in the dressage area. Points awarded based equally on the driver, the grooms, the horse or horses, the vehicle and the general appearance.

Putting to – attaching the harnessed horse or horses to the vehicle.

Randem – three horses harness one in front of the other.

Shaft(s) – the two longitudinal timbers between which the single-harness horse is harnessed. With the two-wheeled vehicle, the shafts provide both the balance and the steering. With four-wheeled vehicles and sleighs, the shafts prevent the vehicle from running up on the horse and also aid in the steering.

Single, or swingle, tree – the bar sometimes used to transmit the draft, or pull, from the traces to the vehicle.

Sulky – a low single-seat vehicle built of steel with pneumatic tires used for trotting and pacing races. Sulkies were once built on a high framework above large wheels and so, the story goes, due to the solitary perch of the driver.

Surrey – a four-wheeled vehicle with two identical forward-facing seats placed one behind another in a shallow box-shaped body. Some surreys feature a fringed canopy, others a fold-back top.

Tandem – two horses harness one in front of the other; the rear horse (wheeler) to the shafts and the leader harnessed in front of him;

Terret – the ring on the hames, pad, or saddle through which the rein passes

Traces – the leather bands by which the draft is transmitted from the horse's collar to the vehicle. Most traces are made of two layers of leather sewn with two or four rows of stiches.

Trandem – three horses abreast harnessed with two poles.

Trap – a vehicle that features a divided front seat that could be folded forward to allow access to the rear seat.

Tug(s) – a strong buckle-topped, oval-shaped band made of two or three layers of stitched leather through which the shafts on the single-horse harness pass. The tugs keep the vehicle from tipping up or down once the bellyband is fastened.

Unicorn – a team of three, made up of two wheelers and a leader.

Wheeler – one of the pair nearest the vehicle when a four-in-hand is driven.

Whip, a – the hand-held aid used by the driver to create the necessary impulsion. Whips vary in length and type depending on the purpose they will be put to and the vehicle being driven.

Whip, the – the person who drives the vehicle.

Berkshire Coaching Weekend

October 6-8, 2018

This will be the seventh time since 2004 that modern coachmen have retraced the paths of Gilded Age coaching in the Berkshires. The Berkshire Hills, known for their natural beauty, continue to provide a favorite coaching setting with drives through the picturesque towns of Stockbridge and Lenox.
